## What's New In Portable Snap Backup?

Pandora is the first online radio streaming service to help people easily and effortlessly find songs, playlists and stations that match their mood, based on the music they already love. The new Pandora app for iPhone and iPod touch gives listeners complete control and easy access to their personal station. Select a genre and mood, and Pandora will play personalized songs and stations to fit your current mood and taste. Explore Your Radio Pandora is like having an endless music library at your fingertips. As soon as you start listening to a song, Pandora will add it to your My Music library. Or, if you want to hear a particular artist, just skip to a song by that artist by tapping the center of the screen. Pandora constantly collects music recommendations based on the mood you are in and your music listening history. The service continuously learns your music taste and filters it into personalized stations that play music and related stations that are similar. Listen for Free Pandora is free and gives listeners the power to decide which songs they like best. With Pandora, you can listen to one song on your iPhone or iPod touch for free, even when you don't have a subscription. You can even listen to as many songs as you want on the free 30-day trial. Featured stations give you access to a rotating selection of songs that are just right for you. Try out any of the featured stations by selecting it from your My Stations library. Easily Create and Manage Stations Creating your own station is easy. First, you need to pick a mood, such as Easy Going, Rock or Blues. Then, tap Music, Stations or Genres to begin creating or choosing a station based on one of the many genres available. Let listeners add their favorite songs to a station by sharing a station or song. In addition, they can make changes to a station using the Edit Station, Remove or Remove All buttons. Pandora also offers a variety of stations, including moods, genres, eras, seasons and favorites. Also, your Facebook friends can add music to your stations so you can see the songs your friends are listening to. Share music with others by following your favorite artists or stations. Just tap the Share button in the player and share the station or song you're listening to by tapping the device's Facebook icon. You can also post your favorite station to your Facebook profile, your Twitter profile or send the station to your email. With the Pandora app for iPhone and iPod touch, you can listen to music that you love whenever and wherever you want. Pandora Radio is the first online radio streaming service to help people easily and effortlessly find songs, playlists and stations that match their mood, based on the music they already love. With the Pandora app for iPhone and iPod touch, you can listen to one song for free, even when you don't have a subscription. Pandora is free and gives listeners the power to
