Randy mentions that the faq and compile times have improved a lot since the initial release and the team would really appreciate input on how to further improve the faq and compile times. This was great. I also like the idea of a compile times initiative and working with the community to make things better. Could you
update the faq later on to explain the internals, flags and compile options for it? developer-strea A comment or response from the original commentor, different than your response. brmsc 122510301 randyar 7383628160 doe 7132884 type: don't want to type in my comments so I'm letting it talk for me voted: voted: voted: voted: voted: voted: voted: voted: didn't vote voted: quote
