"I have waited for this game for so long, and in the meantime, I was able to experience some wonderful things in other RPG games, and so I am extremely excited. The clash of swords, the rain of arrows, the charge of the Knights, and the bawdy scenes in the taverns really touch the heart. The setting changes and the various difficulties of the game are very appropriate, and the sound effects are fantastic! I also like the fact that there are so many kinds of weapons and armor. Each weapon and armor has its own special techniques and magic, and I can't wait for you to experience them all! I recommend this game to everyone who loves RPGs! " "The company has come out with a game that does not play out like other RPGs in the past. The story is very interesting and has a lot to offer. The game features a wide world full of various situations. You have to get acquainted with the world first, but the more you progress, the more you can enjoy yourself. The game offers a very interesting combat system that is different from those found in other RPG titles. I'm looking forward to seeing what other interesting things the game has to offer. " "I have been waiting for this game for a long time, and finally it is here. The graphics and the characters in this game are beautiful. I love the battle scenes and the sounds of the game that sound more like anime. This game is just incredible and I am looking forward to it. " "This is an excellent game! I want to say that I have never experienced such beautiful graphics. The voice cast is also very good. There is so much detail in the game that I couldn't believe my eyes. I love the story and the voice cast. " "I have been waiting for this game for so long, and finally it is here. I was so excited when I heard about the game in the magazine, and after the game was released, I couldn't wait to play it. The game offers a wide world full of various situations, and I think that it is very impressive. The music in the game is pretty good, and I would say that the sound effects in the game are very good. You will surely enjoy yourself. I would like to say that I would like to thank the developer and publisher for this excellent game. bff6bb2d33

A huge story is being played out in the Lands Between, the game where the Land of Waters and the Land of Mountains intertwine. The news you hear is in fact the fragments of a great drama which has been called into being. Whether you are a self-proclaimed hero of the Lands Between, or not, you are engulfed in the drama of this great fantasy world. The story gradually unfolds, and you encounter with various characters that have their own emotions. As you explore, the joy of discovering new and unknown threats awaits you. This is a story, an epic drama, in which a tragic ending, a happy ending, and a tragic ending converge. There is no end in sight, and the story of this massive RPG still unfolds. An epic drama I'm an Elden Lord who was once a reckless and corrupt hero, one who saved this world from total destruction. inadequacy. I'm watching from the shadows now, a conflicted hero, one who has changed, and who's now only watching from the shadows. I'm an inexperienced and corrupt hero who has lost everything.
