#### **Fifa 22**

FIFA is the industry-leading video game franchise and the most popular sports series ever created. For the past 20 years, the award-winning series has given millions of fans the opportunity to live out their dreams, performing incredible acrobatics and impossible moves, and competing against the world's best with the largest audience in the sports industry. FIFA's expanded roster of technology and gameplay innovations make each game the most authentic experience yet. What's New in FIFA 22? The most significant feature from FIFA 21 to FIFA 22 is the Nearby Spectator feature. Head to the right-hand drop-down menu in the main menu to find the Spectator mode, and watch the live action from the vantage point of your nearby friends. More Realism & Variation During a match, simple actions can have a cascading effect that proves crucial to what happens next. For instance, a defender can be dispossessed deep in his own half and lose possession, thereby inviting another defender into the box. This then opens up space for a striker, which can trigger the goalkeeper into a mistake. Catch. Shoot. Score. New for FIFA 22, as part of our ongoing quest to improve the diversity and authenticity of gameplay, we've infused the game with more goals. If your long range shot is off, hit the 'L' key and the ball will 'catch' with the air. After this catch, just release your 'R' key to guide the ball as it carves its way through to the opposing goal. The new Active Touch feature makes it easier than ever to score. You can use your surroundings to help guide the ball into the open spaces or into the goal. For example, creating space with the ball in your feet can get you anywhere on the pitch. Plus, hovering over the ball enables you to shoot at any time and at any angle. Achieving difficult tactical plays, such as counterattacks, is also now easier, thanks to rewinds and reversals. Reaching the ball backwards, even when players are running at you, can make it easier to play one-on-one and score. You can even hold the rewind button to allow a player to run back and get into position. In new Save the Player game mode, there are more opportunities to save players who are in trouble. In this mode, the ball hits a post and ricochets out to bc9d6d6ada

#### **What's new in Fifa 22:**

- **FIFA is given the all-new engine, the most immersive football gaming experience to date, driving gameplay innovation such as playing 11 v 11 matches at once;**
- **Huge improvements to the FUT Season mode, along with a new set of game modes;**
- **New goals, celebrations and more.**

**FIFA 22 also introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. GAME MODES Career Mode - Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro’s journey through the game. FIFA has always emphasized a player-led experience, but the franchise’s most important moments can only be created by the people inside the game’s engine. As a few of the best creators out there, we are getting tuned in to the needs of the most creative people to make FIFA the most creative experience for all players. With over a decade of experience creating our own games, and building the minds of some of the most talented creators in the industry, we are bringing this development power closer to players.**

**Squad Masters will introduce a brand new feature: Squad Republics. It’s a brand new update that extends from Sports Interactive in creating unique content and stories for its players, allowing them to have their own identity and representing their club with style as they stand in the trenches for their teammates. This is set to be amazing and allow for brand new Squad Challenges and rewards to help you stay at the top of your game. All this will be announced in further detail this summer.**

#### **PLUS:**

- **More tunes than ever before from your favourite bands, artists and mash-ups. Incoming!**
