Apr 24, 2015 â€” I started fiddling with extensions and stuff today and I actually got the ones installed with the reFx Nexus extension... I just want to know if there are any recommendations for installing extensions in Chrome , Firefox or IE so that I can use them. Is there any difference between installing in Chrome, Firefox or IE, how can I use or install them? If so, which of these browsers is best for users? And what are the differences between
