## **Download Powerbuilder 12.5 Full Version**

December 10, 2015 - PowerBuilder 12.5.2 ended support on August 31, 2015. These are all available in the Product Availability Matrix for PowerBuilder. I would like to announce that on December 10, 2015, the patch for PowerBuilder 12.5.2 has expired. This means that users of PowerBuilder 12.5.2 who have not upgraded (including those using PowerBuilder 11.x) can no longer use PowerBuilder 12.5.2. This applies to all types of licenses. I would like to emphasize that this does not mean that PowerBuilder has ceased to function. It just means you can't use the app.
